FINAL PROGRAMME

Makedonia Palace Hotel, Thessaloniki, Greece

Under the auspices of
The International Society of Quality of Life and Medical Practice
The Hellenic College of Nephrology and Hypertension
The Association of Hospital Doctors of the City of Thessaloniki, Greece
The Medical Association of Thessaloniki, Greece

Dear colleagues,

We are delighted to welcome you warmly to the 3rd World Congress on Quality in Clinical Practice, a scientific event of the International Society of Quality of Life and Medical Practice.

The Organizing Committee has worked for the last 24 months to present, according to the spirit of the two previous congresses, the most innovative facts in medical practice that improve patient's quality of life and to bring together outstanding experts of different fields of health disciplines.

The Scientific Committee has produced an excellent program for clinicians and scientists (round tables, lectures, workshops and concurrent sessions). There is something for everyone.

Thessaloniki, the largest city in Northern Greece, will provide exciting scenery to this significant scientific event. Thessaloniki is a Greek city, surrounded by plenty of historical sites easy to be accessible, has a unique history dating thousands years back. There are numerous superb restaurants and shops to be visited. We urge you to take the opportunity to enjoy the city of Thessaloniki with its warm atmosphere and topical color.

We very much hope that you will have a very rewarding and enjoyable visit to Thessaloniki for the 3rd World Congress on "Quality in Clinical Practice".

Cordially
